# Getting AHEAD

The Secret to “Getting Ahead”, is Getting Started.

Join us for our workshop and learn how to get ahead, instead of “just getting by”. Getting Ahead in a Just-Getting’ By World, is a learning experience designed to help people build the resources they need for a better life. By choosing to participate you will investigate the impact of poverty in your life, gain life skills to help you move forward and learn about community resources.

**GET PAID
