

Good Evening Gulfside!

It's Mrs. Krapfl your principal hoping you are having a great family weekend!

Good News for ALL Pelicans! Due to hurricane IRMA, every student will receive Free lunch until October 20th. Choices may not follow the regular published calendar.

Families we need to keep an academic focus in our building and to do this we ask for limited early pick-ups. If you need to get your child early you must pick up before 3:35. After that time you will have to wait until regular dismissal at 3:50. Teams start to clean up and go to their dismissal room and it is very hard for office staff to locate your child after 3:35.

This week families should get a form to consent to your child's flu shot to be given at school. Please fill this out and return in time for October 12th, our date of the flu shot clinic. **Tuesday this week** is our Primary Yoga right after school. If you have any questions please reach out to Mrs. Ehram, our Enrichment Coordinator. **Thursday** is our kickoff for Morning Book Club. If your child received an invite please meet Mrs. Ehram in the front hallway at 8:45. **Wednesday** is the intermediate opportunity for Yoga right after school. You must have your permission slips turned in to be able to attend.

This week Premiere Dental will be providing free screenings **Tuesday through Thursday** for every child in our building. It will be a great opportunity to see if more work is needed as healthy teeth means more learning can occur.

Thanks for all your support and wishing you a wonderful week!
